U.S. District Court Judge Brian E. Murphy

John Joseph Moakley U.S. Courthouse  
1 Courthouse Way, Suite 2300  
Boston, Massachusetts 02210

Judge Murphy:

Once again, I am frustrated and disheartened at the lack of reverence and respect to the "WILL OF THE AMERICAN PEOPLE" aka Democracy by a judicial system one assumes is in place to protect and implement the "WILL OF THE AMERICAN PEOPLE".

Every time a Democrat judge sells his/her soul to the Democrat political machine, it subverts and perverts everything on which the country was founded and brings us closer to the destruction of the most special unique, and most powerful country in the world, so a relative few can seize power they are not entitled to, and do not deserve. It is as if the Democrat party has declared war on the American people.

Those sent to El Salvador are foreign terrorist combatants, and an arm of the Venezuelan government sent here and to 45 other countries to destroy the current governments' and turn them into another 3<sup>rd</sup> world hell hole run by cartels and terrorists, and you/other judges and the Democrats are supporting this takeover. References below.

**"The Tren de Aragua (TdA) represents a criminal system that was honed and perfected inside Venezuelan prison walls then exported throughout the Western Hemisphere.**

"With a documented presence in no fewer than 20 U.S. states, the TdA is terrorizing urban and suburban communities throughout America. For the Venezuelan regime, the TdA is a tool of asymmetric warfare to destabilize countries while maintaining plausible deniability."
